Press Release

Mehrauli, New Delhi, 29th March, 2009. Jagruk Nagrik Suraksha Sangathan (JNSS) - a registered organization formed by a group of concerned citizens across India under the leadership of Sh. Denson Joseph today kicked off the most proactive **Citizen level response to terrorism**. A mass **awareness meeting** was conducted today at Aggarwal Dharmshala wherein a coercive **action plan to counter terrorism** was presented upfront through a very high spirited **nukkad natak**.

Sh. Anjan Kumar Samal, the general secretary of JNSS, speaking on 26/11 said coercively that, "we have erred & India's inaction has helped Pakistan to not only allow enough time to shift the ISI aided militant bases but also to secure safe passage for the big fish Maulana Mazood Azhar & other masterminds behind the 26/11 Mumbai carnage. He quoted that our govt. inspite of legitimate proofs & having convinced the world community was wrong in still expecting the Pakistan's puppet & powerless Government to Act.

Denson Joseph - President JNSS, describing the government's response to the 26/11 as largely spineless urged on the citizens of this country **to wake up & become proactive** in securing their life & the lives of their dear ones as the clueless intelligence of the country is not worth depending on. Quoting the **27th Sept. Mehrauli blast** he said one more Santosh cannot be allowed to be snatched away from any home & vowed that JNSS shall offer the much needed platform to every citizen to counter terrorism effectively. The meeting saw the institution of the first ever 50 member **CART (Citizens active response team)** which promises to respond to any unfortunate terror attack in South Delhi within 5 minutes. All the CART members were presented ID cards on the occasion. The meeting concluded with the team taking an oath on the dias to work hand in hand with the police & strengthening the policing system through its **CIN (Citizens Intelligence Network)** to safeguard the life & property of each & every citizen.
